### All-round protection

These gloves offer great all-round protection, keeping your hands safe in many different environments.

### High dexterity

These gloves are made from the thinnest knit material available, ensuring the highest level of dexterity, comfort and protection.

### Industries:

Construction, Industry, Logistics, Chemical

### Double layer coating

These gloves have two layers of coating: the first layer offers superior protection, while the second provides excellent grip, even in wet or humid conditions.

### Water repellent

Keeps your hands dry by repelling water and moisture.

### Extraordinary grip

You'll have a firm hold on objects whether they are dry, wet, or oily, thanks to the exceptional grip these gloves provide.
