### ESD

ESD provides the controlled discharge of electrostatic energy that can damage electronic components and avoids risks of ignition resulting from electrostatic charges. Volume resistance less than 100 megaohms ( $R_v < 1.0 \times 10^8 \Omega$ ).

### DMF-free PU

Made from polyurethane that doesn't contain DMF (a chemical that can be harmful), which means they are safe to use.

### Industries:

Assembly, Automotive, Industry, Oil & Gas, Construction

### Excellent dexterity

Diese Handschuhe sind aus einem der dünnsten verfügbaren Gestricke gefertigt und bieten hervorragende Fingerfertigkeit, Komfort und Schutz.

### Touchscreen compatible

You can use your smartphone or tablet without taking off the gloves, thanks to their special coating.

### All-round protection

These gloves offer great all-round protection, keeping your hands safe in many different environments.

### Latex free

These gloves have extra padding to protect your palms and knuckles from impacts, reducing the risk of injury.
